Treasury: Our treasurer, Jon Pulaski, reported at this month's meeting that the club's account balance is in good shape. Club insurance, a veterans boat trip, and some administrative expenses lie in the future.

Coat Drive: Puerto Rican Association for Human Development (PRAHD) is holding their annual winter coat drive. Jon Pulaski & Steve Fauer will be collecting any lightly used or unused winter coats for those less fortunate. Please have the coats dry cleaned and bring them down to our meetings. Send some photos of your recent catches to Tom Dwyer @ tdwyer61@optonline.net He will get them on the website. Make sure the pictures you send have captions attached so they can be opened. Thanks to Joe Pacilulli for keeping the website updated.

Feel free to bring in whatever fly fishing stuff you have to donate.

Fishing Access: Below is a link to an interactive map with photos for NJ Public Access and best of all Fishing Locations. It is a great tool for anglers, and the like, to find opportunities to fish in areas often dismissed as inaccessible. Enjoy!

Committees: The club would REALLY like to have some members designated to specific committees. The fly show table, trips, tying nights, meeting presentation, photo management, and membership are all areas where the club needs member support to make the task of planning and carrying out club activities efficient and easy. If you have an interest in any of the mentioned committees please let the board know.

Saltwater Registry: Sign up for New Jersey Saltwater Registry Program online. NJ & NY are both free. Keep in mind for those traveling to Cape Cod, you have to register up there independently of NJ or NY with a cost of \$1.25 per angler for senior citizens.

Merchandise: Club hats, t-shirts, and stickers are all available for purchase. For \$25.00 you can get a club logo hat and custom print t-shirt. \$15.00 if either a hat or t-shirt is purchased individually. Club merchandise is on hand at our monthly meetings. The club hopes to get some new merchandise like club logo windbreakers in the future. Also, club crew neck type, zip up & hooded type sweatshirts are available for order. See myself or Capt. Joe Hagan for details. Several sweatshirt colors are available.

Just a reminder to new members to see Jon Pulaski for a club sticker free with your membership. Stickers for purchase cost for 1 is \$2 and cost for 3 is \$5.

Activity Meeting: The tying meetings are usually held last Wednesday of the month during the winter. Since we are immersed into a new season of fishing, tying nights will

be substituted for a fishing/activity night where members organize and meet at a local beach to fish one afternoon or evening. Come on out to learn, share, and mingle! Emails will be sent out as these activity meetings approach.

BUZFLY: Thanks to Brad Buzzzi for offering his vast knowledge and supply of premium fly tying materials to our club members. He can be reached at BUZFLY.com

If anyone who wants to learn a specific fly pattern or technique let Brad know! Crease flies, UV/ epoxy flies, synthetic material use, natural material use, half and halves, clousers, poppers, exotic location flies are all options that can be demonstrated at future club

Year Long Skillful Angler Tournament: The club is interested in the current standings for our year long running skillful angler tournament. February 2016 through February 2017. It is a saltwater, shore based contest. Fly caught fish only. Catches must be documented with a photo. Species include: striped bass, bluefish, weakfish, fluke. Contest boundaries extend from Cape Cod to Cape May. The biggest fish entries determine the winners for each species category. Good fishing to all and may the best angler win! Let the board know what you caught so far!

Grab bag/ "Screw thy Neighbor" Fly Tournament will be held on October 8th at Sandy Hook. The twist to this one is unique; you tie a fly and submit it, before the tournament begins you blindly chose from a grab bag of flies other entrants have tied. You then must fish the entire tournament 8am-12pm with only the fly you chose. Biggest fish on the fly you chose from the grab bag wins. Tye em' nice or tye em' ugly, the flies submitted just need to be saltwater species suitable. Luncheon afterwards.

BSF Fly of the Month Contest: Fly of the month contest among members has begun. Feel free to submit a fly crafted by yourself that will be displayed and be in the running against other club members' flies.. Entry flies will go to Vice President Bob Gargano. All entries will be showcased. The winning fly tyer will be prized with all the monthly fly contest entries.

Fly Vines: is a Montana based company that uses old fly line and recycles it into crafty lanyards, bracelets, sunglass retainers, key chains, etc. www.flyvines.com. The club

would like to take up a bulk donation of old unused fly line from members and send it to this company. We hope in return to receive some products from them that we can raffle off and giveaway as prizes at our meeting or events. **FEEL FREE TO BRING IN YOUR OLD FLY LINE NEXT MEETING**> or get in on the company's recycling program for yourself.. Cool products for sure!

MISC: If you have an address change or a new e-mail address, please let us know so we can update our records.

Club members were asked to recognize the club does not have a 5013C charitable designation. The board is looking into reestablishing this title. Members will be kept notified as more information about this technical matter comes through.

Fishing Reports: Bait is abundant, bluefish, fluke, weakfish, and bass are all angling possibilities. False albacore have been seen and hooked locally. Light line-light leaders with small flies or small metal lures to get in on the albie action. As the water cools the fish will become more hungry. Observing tides for periods of cooler water and bait flow will prove to be the most productive. Dropping tides at Sandy Hook have been small bluefish heaven.

Tight Lines.
Secretary, Tim Semler
